

HECO-TOPIX[®] ***Flange head***

THE WOOD SCREW FOR THE PROFESSIONAL

HECO-TOPIX[®] Flange head
available in full and part threaded versions

- Higher load transmission capability thanks to the increased clamping surface of the head
- Fast and simple to use
- Calculation document via HECO® HCS or calculation service
- Approved and monitored product

Flange head

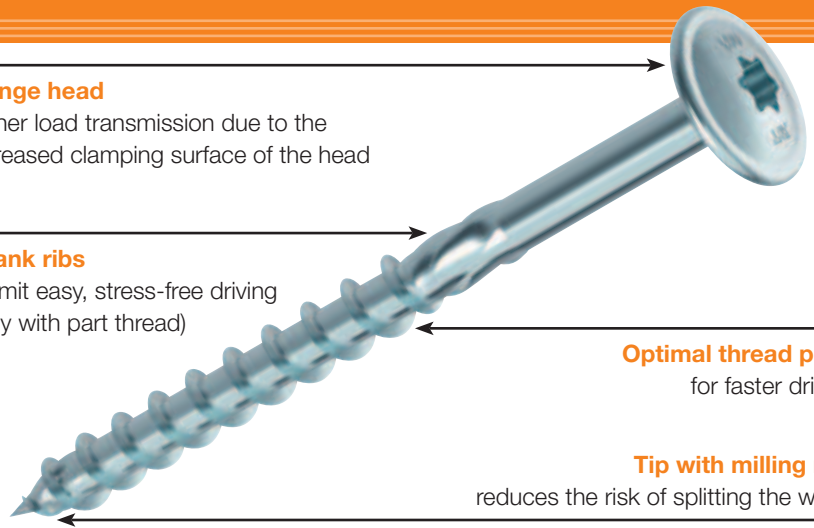

higher load transmission due to the increased clamping surface of the head

Shank ribs

permit easy, stress-free driving (only with part thread)

Optimal thread pitch
for faster driving

Tip with milling ribs
reduces the risk of splitting the wood

APPLICATION EXAMPLES

The HECO TOPIX® flange head screw is available in full threaded and part threaded versions.
