

## R-BRUSH Manual Wire Brushes

Brush accessory for cleaning out holes prior to anchor installation

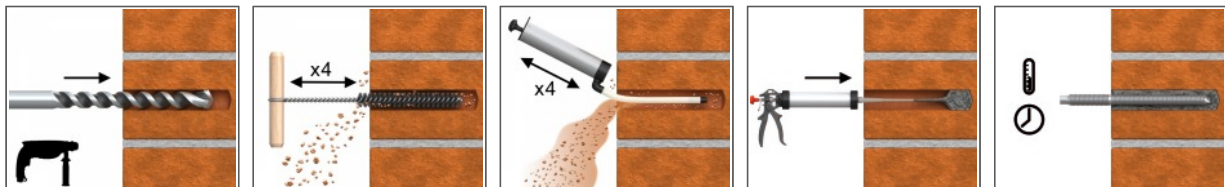

### Product information

#### Features and benefits

- Ideal for cleaning dust from drilled holes prior to applying bonded anchors or installing mechanical anchors
- Hole cleaning is necessary for correct loads
- Suitable for variable anchor embedment depths.
- Suitable for repetitive and frequent use.

#### Installation guide

1. Drill hole to the required diameter and depth for stud size being used.
2. Before inserting anchor, clean inside of hole by brushing repeatedly (use hole pump to clear dust and debris first).
