

R-RAWL-SC40 Gas powered steel and concrete nailer

High performance gas powered steel and concrete nailer

Certificate

Product information

Features and benefits

- Pin range from 15mm to 40mm provides wide range of application
- Tool free depth adjustment. The operator can easily adjust the depth that the nail is driven into timber to produce a precise fixing
- Removable magnetic nose tip for attaching metal clips and ceiling hangers. User can safely and comfortably perform in all overhead applications
- Belt hook for safe storage while not in use
- LED display for monitoring battery status and preventing battery depletion
- Rear loading aluminium magazine with a capacity of 40 pins provides durability and less reload operations
- Sequential firing mode for operators safety and fixing precision
- Drive energy of 102 J allows the installation in steel (15mm nails) and in concrete (20 - 40mm nails)
- Quick release mechanism provides easy access to the magazine for removing obstructions and performing routine maintenance
- The rubber cover flange stops dust and dirt from entering the tool while operating overhead

Applications

- Applicable for fixing steel and aluminium profiles in drywall structures
- Cable conduits and wires installation
- Installation of all types of MEP clips and clamps

Base materials

- Concrete C20/25-C50/60
- Concrete Slab
- Unreinforced concrete
- Concrete
- Structural Steel

Corresponding products

- R-KNC plastic collated concrete pins with fuel cells
- R-KSC plastic collated pins for steel with fuel cells
- R-RAWL-GP2
- R-PCC Pipe and cable clip
- R-UTC Pipe and cable plastic clip
